Brainstorm-Reflect-Reformulate (1-2-3)
Comprehension / Literacy Skills

Materials
1. A word from a book or selection that represents the content

Virginia SOLs
K.2, K.8, 1.2, 1.7, 1.9, 2.2, 2.8

Procedure
1. Before reading, write a word from the book or selection that represents the content well.

2. Ask students to brainstorm their initial associations with the word or concept. What comes to mind when they read the word? Write down students’ responses.

3. Read the selection. Then ask students to reflect on their initial associations.

4. Students may then reformulate their initial list, providing reasons based on the content of the story and the word’s intended meaning in the selection. Students may weigh, reject, accept, revise and integrate any new ideas at this time.

Phonological Awareness / Comprehension

Materials

The following templates:

1. Before-During-After
2. 3-2-1
3. Story Map

Procedure

Graphic organizers help students organize their understanding of a text. Teach students how to use basic graphic organizers and allow them to choose which helps them best comprehend the story and/or non-fiction selection.

Extra! Extra! Newspaper Book Review

Materials

1. Newspapers for children to preview
2. Sample book reviews

*Deadline from News to Newspaper* by Gail Gibbons

*The Furry News: How to make a newspaper* by Loreen Leedy

Virginia SOLs

1.9, 1.12, 2.8, 2.11

Procedure

1. In this activity, children act as reporters and write a newspaper book review.

2. Review with students how a reporter writes and how newspapers are formatted. Discuss how reporters choose intriguing words. Students will want to choose words that make their book sound so exciting others will want to read it, too.

3. Integrate the books’ covers when formatting the students’ newspaper articles. You may photocopy the covers of the books, find images of the covers online, or take a picture of the student reading the book.

4. Work with students to develop a snazzy headline for their article. A good way to begin the brainstorming process is to have students think of what is most exciting about their book and make that the focus. In the sample you provide, you may choose not to reveal how the story ends - a common convention of book reviews.

Information Hunt
Literacy Skills / Comprehension

Materials
1. Index cards
2. Covered shoebox or magic hat

Virginia SOLs
1.11, 2.8, 3.5

Procedure
1. Write questions about a story the class will read on index cards. The questions can be specific to the story or more general. Place the questions in a box.

2. Explain to the small group/class that after they read they will be asked to “hunt” for information. You may refer to the students as “Super Sleuths” or “Book Detectives,” searching for clues in the text.

3. Allow students to read the story silently.

4. Pick a question from the box and read it aloud.

5. Allow time for the information hunt. The students can do this individually or in groups.

6. Have students share their findings with the rest of the small group or class.

Paired Questions
Literacy Skills / Comprehension

Materials
1. Sentence strips and pocket chart
2. Yes and no (smile/frown) cards for each pair of questions

Virginia SOLs
1.7, 1.9, 2.8

Procedure
1. Identify new vocabulary in a selected text.

2. Using these words, develop paired questions. One question should yield an affirmative answer, the other a negative answer. Write the questions on the board or sentence strips (sentence strips allow for easy transfer to a literacy work station). For example, using a book about the rainforest, you might pose the following paired questions that help define the habitat’s characteristics, “Is the rainforest a Coatis’ habitat? Is the rainforest a raccoons’ habitat?” As you can see, these questions use important vocabulary from the text that aides in comprehension. A Coatis is related to a raccoon, but is unique to the rainforest. In this example, the word habitat is also emphasized.

3. Students read the selected text.

4. Write the paired sentences on the board.

5. Read the sentences aloud. Allow students time to think independently and even look back in the text. Select a student to place the yes and no cards with the correct sentence.
Venn Diagram
Literacy Skills / Comprehension

Materials
1. Venn Diagram template

Procedure
1. This activity can be used to compare two things (e.g., characters from a book, two books by the same author, two versions of a fairy tale, etc.)

2. Children can work independently or in a small group. Children begin by picking what they will compare in the diagram. Provide children individual Venn diagrams or work collectively on a large poster-sized Venn diagram.

3. Children should label each side of the diagram with an appropriate heading. In the two non-shared spaces, children list things about the topics that are unique and in the shared, middle space they write what the two topics have in common.

4. Children may illustrate and share their Venn diagram.

You’ve Got Mail!
Literacy Skills / Comprehension

Materials
1. Paper and pencil (or a computer)
2. Sample e-mails

Virginia SOLs
1.9, 1.12, 2.8, 2.11

Procedure
1. Students will write an e-mail exchange between two characters from a book, a book character and themselves, or an author and themselves.

2. Review with students how to write an e-mail. It should include a subject, greeting, and closing. You may also note that e-mails are typically less formal than a letter.

3. Provide students with samples. You may extend this exercise by having students compose the e-mails on a computer.

Hey Wolf:

We are still waiting on a check from you to replace the straw and twigs you blew down. We're tired of living all together in this brick house. Please mail the check as soon as possible. Do not come in person!

Thank you,
The Pigs

Pigs:

It is not my fault you built your houses out of flimsy twigs and hay. I’m not paying. You are probably safest in your brother’s brick house anyway.
