Round Robin Rhyme
Back to Rhyme

Virginia SOLs: K.4, K.7, 1.4

Procedure

1. Have children sit in a circle. Tell them you are going on an imaginary trip. You will say one item that you want to take on a trip. The children are to repeat the item and then name another item that rhymes. For example, if you say, “I’m going to the park and I’m taking a mat,” the next child in the circle might say, “I’m going to the park and I’m taking a mat and a hat.”

2. Continue around the circle until the children can think of no more rhyming words.

Variation
Use a ball that students can roll to other students in the circle. This activity enables students to be randomly chosen to continue the rhyme.
